

NC GP THINNER

Product No. **TN192M**

[General Purpose]

General Purpose THINNER is a mixture of esters, glycol, alcohol, aromatic solvents and ketones suitable diluents to all solvent based product (not for wood coating).

SPECIFICATIONS

Properties

Color	: Water White / Transparent
Specific gravity	: 0.81 Kg/lit [± 0.025]
Initial Boiling Point	: 56°C
Non Aromatics	: 80-90%
Flash point	: 7°C

APPLICATION METHODS

All RITVER thinners listed are to be used in conjunction with the corresponding products and systems intended for, or any Technical guidance required may be obtained by the end user.

Caution: While excess usage / over thinning is not advisable in any system, one can add 5 - 10% of the concerned Thinner for ease of application of brush/roller. And 25- 30 % for spraying.

Advantage: Reduce stock inventory because it is a general purpose thinner. Quickly reduces the consistency of the lacquer to the required degree.

Improves film smoothness of lacquers when applied either by spray or dipping thus extending excellent finish.

Lacquer driers without blushing, resin blush, pin holing and other surface defects.

No orange peel developed after the evaporation of GP Thinner, and therefore increase the tensile strength of the film along with its gloss.

PACKING & STORAGE

Available in 1Ltr, 5Ltr, 5USG, 10x5USG.

Store in a cool and well ventilated place. Keep away from direct sunlight. Maximum 18 months in unopened container, stored in a cool and dry condition at 25°
